

PRESS RELEASE

Howard Snaitth of Otterburn in Northumberland have taken delivery of a new Plaxton Elite, registration YN11AXA. Featuring a Volvo B9R engine with I-shift gearbox and 49 reclining half leather seats this is the third Elite to join the fleet in the space of a year.

The Elite joins the VIP range of Plaxton Elites that Howard Snaitth already operate after having a successful first years operation with the vehicles.

The Elites all have state of the art technology from Wi-Fi to SKY TV with several flat screen monitors and full air conditioning with climate control. A spokesman for Howard Snaitth said that they are in the process of transforming the way that people travel, and that they are positive that the new Elite will be as big a hit with their customers as the other two Elites have been

The coach was supplied by Plaxton Coach Sales, and seen above is Plaxton's Mark Ballam (left) handing the vehicle over to Howard Snaitth (right) at the Plaxton workshops in Scarborough.
